

Decades of Wonder

SCFD

We fund culture.

A penny for your wonder

SCFD is the **Scientific and Cultural Facilities District**, a tax collected and distributed to more than 300 cultural organizations in our seven-county Denver metro region including Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas and Jefferson counties. Just one penny on every \$10 spent in the district creates vibrancy for us individually and collectively. It gives our kids a unique perspective and understanding of the world. It inspires all of us to get off the couch, discover the radical and the beautiful, and stretches our capacity to be transformed. Our metro area would not be the vibrant, nationally-ranked metropolis that it is today, without the cultural funding and economic impact created by SCFD. Residents understand this and have approved continuing the tax at each of three renewal elections.

With over \$75 million granted annually, our community is enriched by an amazing tapestry of culture that is available and accessible to everyone. Beginning with taxpayers and with the expert shepherding of SCFD, our collective mission is simple: **We fund culture.**

Boulder Opera

Art Students League, Denver

Message from the Board Chair and Director

What an accomplishment.

In 2021, SCFD posted a new milestone by funding the largest number of organizations and granting the largest amount in its 34-year history. With just over \$75 million in grants going out to more than 300 organizations across the seven-county metro area, the accomplishment belongs to the wisdom of voters who approved the district's creation and then sustained it three additional times.

At its inception in 1988, the district served six counties, home to about 1.8 million people. It granted \$14 million to 134 organizations. Today, the district includes seven counties and their 3.2 million residents. This growth results in thousands of opportunities for all to experience the wonder that only art, culture and science can bring to the roughly 11 million attendees at events, exhibits and performances supported by the district. In addition, funded organizations provide more than 10,000 jobs and provide hundreds of millions of dollars in economic impact. They also give many of us a point of connection in our communities through volunteer opportunities that amass an average of about 750,000 hours a year.

All of this is due to the metro area residents who created and continue to sustain the district. Just one penny on each \$10 spent in Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas and Jefferson counties adds up to a vibrant arts, culture and scientific community that everyone can enjoy. When we say "We Fund Culture," we mean each one of us.

Sincerely,

Gino Greco, SCFD Board Chair and **Deborah Jordy**, SCFD Executive Director

Bird Conservancy of the Rockies, Brighton

Sculpture Evergreen

Museum of Outdoor Arts, Englewood

Supporting the arts. Connecting the dots.

SCFD serves as a catalyst for arts, culture and scientific organizations and collaborations across its member counties, the region and the state.

- **Including everyone**

The district's highest purpose is to bring arts, culture and scientific experiences within reach for every resident of the district. This happens because SCFD support allows organizations to provide low or no-cost ticketing, free days and a host of other options. Everyone deserves culture.

- **Creating impact**

Through granting of general operating dollars, the district has an outsized impact on the overall sustainability of organizations as well as their ability to grow and expand their offerings. The cultural fabric of the metro area includes a diverse array of experiences because organizations have a base of stable funding.

- **Encouraging partnership**

A unique feature of SCFD is the collaborations it encourages between funded organizations. These partnerships bring together groups who might not normally work together to create truly special experiences.

- **Engaging community**

An inherent value of SCFD is its ability to support organizations from the largest attractions in our region to smaller experiences available in our neighborhoods. By supporting this breadth and depth of groups, SCFD claims a major role in the life of communities across the district.
